THE CUBAN QUESTION.

Senator Mills Springs a Couple of New Resolutions.

OBSTACLE TO BE REMOVED.

Sum of Ten Thousand Dollars Appropriated For Salary and Expenses of a Minister to the Republic of Cuba.

Washington, Jan. 7.—The senate disposed of much routine business at the outset of the session. The petitions as to Cuba and for and against the Loud bill were exceptionally heavy. One of the petitions from the commercial clubs of Chicago expressed approval of the present policy of the administration.

Mr. Mills (Dem., Tex.), member of the committee on foreign relations, brought forward a new phase of the Cuban question by offering the following joint resolution:

"Resolved, That the expediency of recognizing the independence of a foreign government belongs to congress, and when congress shall so determine the executive shall act in harmony with the legislative department of the government.

"Resolved, That the independence of the Republic of Cuba ought to be, and hereby is, recognized, and the sum of \$10,000 is hereby appropriated for salary and expenses of a minister to that government whenever such minister shall be appointed by the president."

Mr. Mills said he would address the senate on the resolutions later. Mr. Sherman (Rep., O.) sought to secure the passage of a bill directing the secretary of agriculture to establish a uniform standard of grain and all classes of cereals, to be known as the United States standard, but there was sharp opposition.

Mr. Hale (Rep., Me.) thought it conferred sweeping powers on the secretary of agriculture.

Mr. Allen (Pop., Neb.) said the bill was opposed to the grain producers, taking out of their hands the right to clarify their own grain.

Mr. Gear (Rep., Ia.) said commercial bodies and producers were in favor of it.

Mr. Sherman explained that he presented the measure at the request of organizations in his state; it sought merely to establish a uniform standard, but did not interfere with any private contract as to a standard. Mr. Sherman said the measure was in the interest of farmers, and was designed to have the same grade in Chicago, New York and elsewhere.

On objection by Mr. Bates (Dem., Tenn.) the bill went over.

The senate has agreed to adjourn until Monday, and accordingly Senator Mills has changed the date of his Cuban speech until Monday.

An effort by Senator Perkins of California to fix next Wednesday for consideration of the bill for an industrial commission to consider problems of labor, etc., was defeated by dilatory tactics. The senate then took up the bill for free homesteads on lands acquired from Indians.

Claggett Has Opposition.
Bohio, Ida., Jan. 7.—The Populists held a caucus, but the subject of a senatorial candidate was not taken up. It is expected that W. H. Claggett will be chosen, but it is not thought any agreement can be reached with the Democrats. This view is quite general, and a majority of those watching the contest declare Claggett cannot be elected.

Whether the Democrats will vote for any other Populist is the absorbing question that can not now be answered positively.

Lady Scott Guilty.
London, Jan. 7.—When the hearing of the libel suit brought against Lady Selina Scott and John Cockerton, engineer, and William Aylott, a valet, by her son-in-law, Earl Russell, was resumed at the Central Criminal Court, counsel for the defense announced that the plea of justification was withdrawn and that the defense agreed upon a verdict of guilty.

Here Is Another.
Paris, Jan. 7.—Miss Edith Lyman Collins, the only daughter of Mr. Clarence Lyman Collins of New York and ward of Dr. Chauncey M. Depew, was married at the church of St. Germain-l'Auxerrois, M. L'Abbe Salmon, the vicar, officiating, to Reclid Bey, Count Czarkowski, councillor of the Turkish embassy at Rome.

Swept by a Hurricane.
Melbourne, Jan. 7.—A hurricane has swept over Palmerston (Port Darwin), a seaport village of South Australia at the junction of the Overland telegraph with the ocean cable to Java. The place is almost wrecked, and telegraphic communication with the interior is interrupted.

Spanish Denials.
Madrid, Jan. 7.—Senor Canovas del Castillo, the Spanish premier, declares that all the reports circulated regarding impending cabinet changes are unfounded. The chambers will probably meet in April.

A Steamboat Burned.
New Orleans, Jan. 7.—The steamboat "Belle of the Coast" was totally destroyed by fire at Carrollton. She belonged to Captain J. F. Allen, valued at \$40,000 and insured for \$50,000. The cause of the fire is unknown.

Lake Steamer on Fire.
Milwaukee, Jan. 7.—The steamer City of Duluth caught fire while lying at Broadway bridge. The flames have made great headway, and it is feared the steamer will be badly damaged.

TO BOOM SILVER.

It Is Alleged That Reductions Are to Be Made.

London, Jan. 7.—Neither the Bismarck league nor other silver organizations have any information regarding the visit to Europe of Senator Edward O. Wolcott, of Colorado, who sailed from New York Jan. 2 on the Cunard line steamship Campana.

The St. James Gazette says: "Everybody wants to know how far McKinley means to go in the direction of doing something for silver. Mr. Moreton Frewen, however, has discovered exactly what is on foot. He has written to a financial daily paper pointing out that if Russia means to resume specie payments she will have to buy 300,000,000 ounces of silver and that tariff concessions upon the part of the United States would induce her to do so."

"This operation on the part of the United States would easily rehabilitate silver on a 15% to 1 basis, and France and Germany will probably join for similar considerations. So McKinley is apparently to end in tariff reductions and a boom in silver. Mr. Frewen is at a discount as a prophet at present."

NO WONDER HE DIED.

True Cause of the Death of Duffy, the President.

New York, Jan. 7.—The jury in the Duffy case rendered a verdict that James J. Duffy came to his death on the 4th of January, 1897, in the St. Vincent hospital by meningitis hemorrhage, superinduced on Jan. 2, 1897, at the Broadway Athletic club by excitement following a boxing exhibition with George W. Justice and accelerated by hypertrophy of the heart, and who was exonerated from all blame the said club, Thomas O'Rourke, manager; Richard Reiche, referee, and George W. Justice, principal.

It was also recommended that every regularly organized athletic club or institution be compelled by law to have a reputable and competent physician or surgeon on hand to examine all would-be participants in proposed boxing exhibitions.

A Vigilance Committee.

Toronto, Jan. 7.—The political organization styling itself the "Patriotic Vigilance Committee" has distributed throughout Canada a circular charging that "an invidious conspiracy has for several months been at work throughout the dominion, aiming at the overthrow of the authority of our gracious sovereign, the queen and empress, and the annexation of our beloved country to the United States. Behind what is ostensibly a political movement is plainly to be seen the hand of the Roman Catholic church, the over watchful enemy of Protestant liberty."

Against Gold Contracts.

Nashville, Jan. 7.—Governor Turney sent his message to the legislature. It relates largely to state affairs except in one particular. He advises the legislature to enact a law that no obligation hereafter executed payable in gold alone or gold contract be enforceable in Tennessee in the courts, and that judgments on such contracts shall be discharged in any legal tender currency.

To Reduce the Rate.

Buffalo, Jan. 7.—There is a movement on foot to reduce the rate of interest that is paid by the discount banks of this city on deposits. Most of the discount banks here pay 4 percent per annum. Superintendent Kilburn of the state banking department thinks it is altogether too high, and is in full sympathy with the movement to reduce the rate.

A Southern Failure.

Alton, Ga., Jan. 7.—The hardware firm of T. A. & S. E. Berry assigned. Liabilities \$30,000. The total assets are said to be about \$20,000.
